Our Designing...

Rockpecker has a team of CAD-CAM professionals for designing our drilling tools.

Experienced team of design engineers and the deep understanding of elements ensures **high performance** PDC Bit **designs** and manufacture.

...Our Manufacturing

Rockpecker Products are manufactured in an **ISO 9001:2008** manufacturing facility using latest CAD-CAM Software & Multi-axis CNC Machines.

Blanks are **hot forged** & heat treated before machining.

Automated manufacturing of our products follow exact specification and there's no room for human error.

We design and manufacture the most innovative PDC drilling products and Hole-openers in short delivery times.

THE ROCKPECKER EXPERIENCE

Get deliveries in shorter lead times.

Ready designer support.

And yes, we ship worldwide.

PDC BIT REPAIRS

Trained experts at Rockpecker provide PDC Bit repairs with quick turnarounds.
